General Information:

The mopeds of the German manufacturer Kreidler have already enjoyed great popularity in the past. In this respect, we are also pleased to be able to add another very beautiful machine to our portfolio. This Kreidler is a Swiss export model that was completely restored a few years ago and is therefore in very good technical condition. Our vehicle was built on 09.07.1963 and then delivered to Switzerland to the company Intermot in Zurich. The Super 4 K54/41 was produced as an export model for Switzerland. We have german registration papers.
