2006

Frame Number:

ZDMC100AA5B0001XX

Mileage:

4.104 km

KW (HP) ccm:

61(83)992 ccm

Price:

23.800 EUR VAT not separate identificationable

General Information:

For several years now, the limited special series Paul Smart 1000 has been a sought-after collectors item. We can offer our Paul Smart in almost perfect condition. One reason is the low mileage of around 4,100 km. But of course the previous owner took good care of his machine. At first, we had the plan to restore the Paul Smart to its original condition, as all parts are available. But we like the Limited Edition as it stands before us. The scope of delivery still includes
original rear silencer
original indicators
original tail light with number plate holder
original fairing parts
original seat
original mirrors
original clutch springs with clutch cover
german first delivery

only one owner before

we have the Ducati certificate

Status: June 2023, new Pilot Power tyres, value appraisal, fresh service with timing belt.
